# Checkout Nova

Capture omnichannel transactions from anywhere in the store.

Tulip's Checkout Nova enables retailers to provide seamless mobile checkout experience

With the Checkout Nova App in hand, store associates can capture transactions from anywhere in the store. The easy-to-use mobile app includes an omnichannel shopping cart, order processing capability, complete order history including refunds. The newly designed app offers superior user experience and provides retailers with a robust and flexible in-store checkout solution providing more control and greater flexibility.

Product features

- Omnichannel Shopping Cart
- Endless Aisle Transactions
- Order History and Refunds
- Print & Email Receipts
- Gift Receipts
- Guest Checkout

Drive business results

- Improve conversion rate and average order size
- Grow customer lifetime value
- Improve in-store sales productivity
- Reduce associate time spent on existing POS
- Minimize up-front capital expenditures and IT operational costs

Our partners

Tulip's multi-tenant and robust extensibility framework, coupled with our technology partnerships, allows retailers to add additional functionality and synchronize data with third-party systems without making modifications to source code.

Solution extensibility

The extensibility layer of the Tulip Platform helps you adopt new requirements to meet innovative standards and enable extending the out-of-the-box functionality in a scalable manner. Our next-generation extensibility platform enables retailers to:

Add additional functionality

Customize the business logic

Automate workflows across systems

Synchronize data with third-party systems

Other Tulip Apps

Everything you need to elevate service and personalize customer engagements.

Clienteling

Store associates can move between customer carts quickly for endless aisle checkouts and line-busting.

LiveConnect

Customers can communicate with retail stores in real-time over their preferred social channels through a simple and intuitive user interface.

Assisted Selling

Provide customers real-time product details, pricing, promotions, availability, and inventory from across the endless aisle.

Runner

Give store associates the ability to search in-store inventory and request items from a runner to be delivered to a specific location in the store.

Tulip is a mobile application provider focused on empowering workers in retail stores. Partnered with Apple, Tulip's mission is to harness the power of the world's most advanced mobile technology to deliver simple-to-use apps for store associates to look up products, manage customer information, check out shoppers, and communicate with clients. Leading retailers like Mulberry, David Yurman, Saks Fifth Avenue, Kate Spade, Coach, Michael Kors and Bonobos use Tulip in their stores to elevate the shopping experience, increase sales and improve customer service.
